Editorial

Dear Reader,

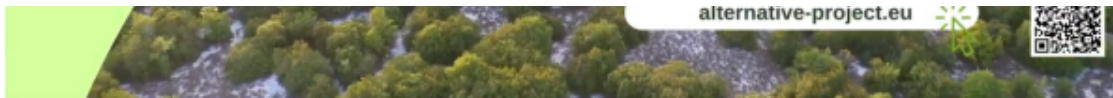

We are happy to share that, the project recently participated in a Policy Session within the Green Deal Cluster – Health Working Group to address key policy topics like zero-pollution solutions and regulatory science that could potentially result into sustainable policy actions. Project ALTERNATIVE is inspired by this initiative and will follow the best practices that would lead to sustainable, optimized and energy saving lifestyle.

In this issue of newsletter are the glimpses of recent activities of our participation in the third quarter of the year.
