Events in planning

For World Circular Economy we are planning to launch a [partner events](#). Partner events can take place at any time between 29 May and 1 September 2024. The idea could be to demonstrate how innovations in healthcare research and policy can contribute to the circular economy and the sustainable economies of the future.

Topics we could consider:

- Promoting Sustainable Healthcare Practices •

- Enhancing Material Circularity in Medical Research -
- Educating on the Intersection of Health and Circularity

Rules for participation are available [here](#)

If it interests you, then please get in [touch with us](#) for further planning!
