

ALTERNATIVE

ALTERNATIVE Stakeholder Briefing Workshop

Friday 7th of March 2025
from 9:30 am to 11:00 am CET

<https://alternative-project.eu/>

AGENDA

- Presentation 1: AOP network development
- Presentation 2: AI-Driven QSAR Models: Predicting Cardiotoxicity Through AOP Networks
- Presentation 3: The Role of Computational Tools in the Risk Assessment of Cardiotoxic Chemicals
- Presentation 4: Exploitation opportunities & discussion
- Open Discussion and Audience Q&A

SPEAKERS

- Alexandra Schaffert : Postdoctoral Researcher at FHAIVE at Tampere University,
- Alessandra Roncaglioni : Head of the Laboratory of Environmental Toxicology and Chemistry, Mario Negri Institute Milan, Italy
- Edoardo Vigano : PhD student in Artificial Intelligence for experimental pharmacology, Mario Negri Institute Milan, Italy
- Ronette Gehring : Professor of Veterinary Pharmacotherapeutics and Pharmacy at Utrecht University
- Maria Zaragoza : Technology Consultant, Innovation Ecosystem and Policies, Eurecat, Barcelona

DISCUSSION POINTS

1. AOP network development: How did ALTERNATIVE project integrated technological innovations on the AOP network development?
2. QSAR tools: How did the QSAR tools were developed in the project and their potential use?
3. QSAR and PBK Models: Explain the case study including QSAR and PBK?
4. Exploitation: Potential strategies and actions to make use of ALTERNATIVE results?

*The workshop will be
in Physical & online
mode*
